The Red Cross In Our Community

Disaster Relief and Community Disaster Education

When a disaster threatens or strikes, the Red Cross is there. This year we responded to 23 local disasters. We helped 79 affected individuals and families with emergency food, shelter and supplies.

Because being prepared can make your family and community safer and sometimes minimize injury and destruction, we provided disaster education presentations to 3605 individuals in the community.

Health and Safety Services

From first aid, CPR and AED training to swimming and lifeguarding, American Red Cross programs help people lead safer and healthier lives. This year, 4,199 individuals learned lifesaving skills through 472 classes offered by the chapter.

International Services

The international tracing program helps local families find relatives with whom they have lost contact because of a natural disaster, war or internal conflict. We helped reconnect one family with loved ones in foreign lands.

Armed Forces Emergency Services

The American Red Cross provides communication between those in the Armed Forces and their families. We have a worldwide network that reaches service members wherever they are to communicate a birth, death or illness. This year we provided emergency connections for 52 military families.

Blood Services

Every two seconds, someone in the United States needs blood. Thanks to generous blood donors, the Red Cross collects and distributes nearly half the nation's blood supply. Over the last year, we helped run 189 blood drives, collecting 7,411 units of blood.

Community Services

A Note about Volunteers

We depend on volunteers of all ages and backgrounds to carry on our work. Volunteers constitute 97 percent of our total workforce, serving as members of the board, instructors teaching lifesaving skills, disaster action team members, office administrators, event organizers and more.

This year, 817 volunteers made the work of the chapter possible, contributing 18,506 hours of their time to the American Red Cross.
